Gentlemen;

Replying to your letter of Jan;4th. asking for  
our catalogue.

You will note by our letter head that we specialize in fruit  
tree seedlings, and we grow some shade trees. Our business is  
a wholesale business. Occasionally we send out some circular  
letters to our regular customers.

We grow Norway and Schwedleri Maples, Chinese Elms, Cut Leaf  
Weeping Birch, European White Birch and Pauls Scarlet Hawthorn.  
We still have a surplus in these shade trees which are one and  
two year olds, but our fruit tree seedlings are all sold.

Yours truly,

Pacific Coast Nursery

By- John Holmason
